importance of safety in the laboratory. 11. The role of safety in the laboratory. 12. The

importance of safety in the laboratory. 13. The role of safety in the laboratory. 14. The

importance of safety in the laboratory. 15. The role of safety in the laboratory. 16. The

importance of safety in the laboratory. 17. The role of safety in the laboratory. 18. The

importance of safety in the laboratory. 19. The role of safety in the laboratory. 20. The

importance of safety in the laboratory. 21. The role of safety in the laboratory. 22. The

importance of safety in the laboratory. 23. The role of safety in the laboratory. 24. The

importance of safety in the laboratory. 25. The role of safety in the laboratory. 26. The

importance of safety in the laboratory. 27. The role of safety in the laboratory. 28. The

importance of safety in the laboratory. 29. The role of safety in the laboratory. 30. The

	<p>2. Please be punctual for class and observe class discipline. Class attendance &amp; performance serve as the criteria for issuing the certificate of completion.</p> <p>3. Class discipline: enter online classrooms 10 minutes ahead of time to test equipment and make other preparations. Trainees are required to use their real names (consistent with passport names) as user names. (Format: Name + Nationality)</p> <p>4. Information security: To maintain information security and privacy, please don't share the class content on any social media platforms. Course materials will be sent to trainees after each class.</p> <p>Please attend classes as scheduled and prepare necessary materials for class interaction and discussion.</p>
<p>Brief Introduction of Organizer</p>	<p>1. International Health Exchange and Cooperation Centre, National Health Commission, P.R. China (IH ECC) is an independent legal entity, directly led by NHC, specializes in international exchange and cooperation in the field of health. It is responsible for organizing research on the theory, policy and development strategy of international cooperation in the field of health and providing policy suggestions and technical advisory services on legislation, government decision-making and regulation planning. The Center drafts operational regulations and technical specifications for international exchange in health industry, undertakes international health care assistance projects, carries out charity health cooperation projects both in and outside China, and strives to promote global cooperation for the development of health industry. The Center has been undertaking foreign in-aid training programs of MOH/COM for 15 years, including 60 programs, receiving 1,321 trainees from more than 60 countries and regions. Based on the principles of "using the best resources" and "multi-factor, multi-benefit, all links and long-term development", the Center conducts foreign-aid training in health and share the comparative advantages and the best practice of China's health industry with other countries.</p> <p>2. As a public institution directly under the State Health Commission, IH ECC has been fully authorized by the government of the People's Republic of China to handle all the international health cooperation and exchange matters.</p> <p>3. The Center has been providing training for health professionals from more than 60 countries and regions, including 1,321 trainees from more than 60 countries and regions.</p>
